## LAST WEEK FOR KID BARGAIN MONTH

### LIFE'S SPARK OUT

#### FOR IRA DeHAVEN.

Bright's Disease Causes His Death After Languishing Illness Of Many Weeks.

### LONG A PENITENTIARY GUARD.

Ira DeHaven died last Wednesday afternoon at 5 o'clock at the home of his mother, Mrs. Mary DeHaven, in this city. He had been in poor health since the first of May. About June 8 his condition became critical and there was little hope entertained of his recovery. Death was due to Bright's disease. Mr. DeHaven's home was at Louisville, where he came ill here while on a visit.

Mr. DeHaven was born in this city in 1868. In the early part of his life he engaged extensively in the tan-bark and timber business with his father, the late Judge John R. DeHaven. He then was employed by a number of mercantile firms of this city. In 1894 he secured a position as guard at the State penitentiary at Frankfort. He afterwards was given a like position at the Eddyville penitentiary, which he held at the time of his death. He always took an active interest in politics and had many friends among the political leaders of the County and State.

In February, 1902, the deceased was married to Miss Talmage D. Stone, of Frankfort. To this union was born one son. Singularly, the child was born on Wednesday, Mr. DeHaven was born on Wednesday and died on Wednesday. Mrs. DeHaven will remain in the city several weeks and then return to her old home at Frankfort.

Besides his wife, mother and child, Mr. DeHaven is survived by four brothers, Fred, of Louisville, Carl, of Terre Haute, Ind., Orville and Wicker, of this city, and one sister, Miss Mamie DeHaven.

The funeral was held from the family residence Thursday afternoon at 4 o'clock, Revs. P. L. King and S. O. Christian officiating, and the interment was in the city cemetery.

### BUGBEE.

Hardinsburg, Ky., June 20, 1904.—Mrs. Elsie Bugbee, daughter of Mr. and Mrs. W. B. Taul, died at Waynes, Okla., June 13. She was married to Mr. Bugbee, of Iowa, at Tulsa, Okla., April, 1899. For several years she was a devoted Christian life, and leaves many friends and relatives with a husband and three girls to mourn her loss. The little ones will never realize the loss of a mother. Best be the tie that binds. The kindest hearts so dear, And with the cord we thus entwined, We loose our friends so near.

### IN CIRCUIT COURT.

Clark Owen, of Breckenridge county, was fined \$50. His stock license gave him no right to operate in Hancock. Judgment was rendered in favor of the two States Bank at Stephensport against H. W. Shoemaker for \$235 with 6 per cent interest from May 13—Hancock Clarion.

### IS NOW BETTER.

Miss Ethel Johnson and brother, Murray, of East Third street, have returned to their home after a week's stay in Breckenridge county, where they were called to the bedside of their cousin, Miss Myrtle Williamson, who was dangerously ill, but is better.—Sunday's Owensboro Inquirer.

### Entertained Informally.

Misses Elizabeth and Margaret Skillman entertained informally the younger set Friday evening in honor of their guests, Misses Ruth and Lucile Graham and Mary and Eliza Grant, of Louisville.

### ANDREW BURK IS

#### FREE MAN AGAIN.

Acquitted Of Complicity in Murder of J. P. McCarver Near Victoria in 1900.

### PINCHCOE FIGHTERS PINCHED.

In the circuit court at Hawesville Friday Andrew Burk was acquitted on the charge of killing or assisting to kill J. P. McCarver, an old man, no Christmas eve, 1900, near Victoria. At previous terms of this court Dan and Mike Burk, uncles of Andrew, were sentenced to the penitentiary for the same charge. About one year after the trial Dan was sentenced to five years' imprisonment, but was pardoned by Gov. Beckham after he had served about six months.

The term of Mike Burk, who, later, was given a sentence of two years, is now nearly finished. Andrew Burk had fought the charge against him for nearly four years. The verdict in his case was not unexpected.

The killing of McCarver is familiar to many of our readers, as it attracted much attention at the time both in Breckenridge and Hancock counties, as have the trials of the three Burks. The night the crime was committed the Burks boys were very much under the influence of liquor and were returning from this city to their home at Victoria. McCarver kept a store near Victoria and when they reached this place they made some disturbance. McCarver told them to keep quiet and the shooting then began, it is said. A witness of the affray, who fled for safety, and he saw Andrew Burk standing over McCarver with a knife raised in his hand.

The body bore out this part of the story, as there was a knife wound in it sufficient to cause death. Andrew Burk, testifying for himself, said that he had no knife, having loaned his weapon to Mike on the road to the place.

Jake Richards was sentenced to one year in the penitentiary for the Hancock circuit court last Wednesday for having shot Miles Fugus. Scott Smith, Otis Smith and Richards also were each fined \$25 and sentenced to serve twenty days in jail for breaking up a school several months ago at Pinehook, that dark and remote section of Hancock county.

### Piles Upon Top of Piles.

Piles upon top of piles of people have the Piles, and DeWitt's Little Hazel Salve cures them. There are many different kinds of Piles, but if you get the genuine and original Wm. H. DeWitt's Little Hazel Salve made by E. C. DeWitt & Co. of Chicago, a cure is certain. E. A. Tisdale, of Summertown, S. C., says: "I had piles 30 years and DeWitt's Little Hazel Salve cured me after everything else failed." Sold by all druggists.

### CLEARED \$31.80 ON

#### MOON LIGHT PICNIC.

That giving moon light picnic is a paying business, when properly managed and advertised, is evidenced by Louis Sahle's success in this particular line of trade, Friday night last. Mr. Sahle attributes his success to the advertising which he placed in the News for several weeks and other methods employed by men who have the tact of making such ventures successful. With a lengthy grin on his face Mr. Sahle stated in the News office Saturday that he cleared \$31.80 and would have had \$50 in profits had it not been for threatening rain. In the opinion of Mr. Sahle, something like two hundred people were with him.

### DEATH COMES TO

#### MRS. H. C. SMITH.

Widow of the Late John C. Smith Dies of Heart Disease at Home in Hardinsburg.

### LED DEVOTED CHRISTIAN LIFE.

Hardinsburg, Ky., July 26.—(Special.)—Mrs. Hettie C. Smith, aged sixty-seven years, widow of the late John C. Smith, died at her home in this place Tuesday night, July 12. She had been sick about ten days with heart disease and her death was not unexpected. The funeral took place the following day at St. Ronald's church, the Rev. Father Wm. L. Gabe officiating at the services. She was laid to rest in the cemetery adjoining the church, beside her husband. Mrs. Smith leaves four children: T. L. James, Mrs. D. S. McGill and Miss Emma, beside other near relatives.

Mrs. Smith lived a devoted Christian life since for was noted for her faithfulness and piety. She will be much missed in this community.

### Tight Shoes

Make soft corns, hard corns, and bunions hurt. Paracomb will relieve the pain instantly, draw out the inflammation and make the feet comfortable. There is nothing "y" good, so be sure you get Paracomb.

### POSTOFFICE REPORT.

Postmaster J. B. Rowland has made his report of the business done by the local office for the fiscal year ending June 30, 1904. It shows a very appreciable increase in receipts over those of the preceding year.

The total receipts of the office from July 1, 1903, to June 30, 1904, were \$2,490.44. This was divided as follows: Postage stamps, stamped envelopes, wrappers and postal cards, \$2,232.94; box rent \$175.50, postage on second-class matter, \$32. This is an increase of approximately fifteen percent over the receipts of the preceding year, which were \$2,130. The number of money orders issued during the year were 3,531, and these amounted to \$10,064.50. The amount paid on orders drawn on the local office was \$4,690.50. This leaves a surplus of \$1,194 to the credit of the local office which is sent to the depository at Louisville.

### USEFUL BOOKLET.

The Henderson Route has issued a useful little booklet entitled "What is Inside and What is Outside the World's Fair and How to See It." The booklet is gotten out in neat form, and is attractively bound and printed and contains much important information for visitors to the great exposition. The booklet tells How To Go by the Henderson Route, How To Get Out to the Fair Grounds Upon Arrival at St. Louis, How to Get Around the Grounds and what Things To Note. It also contains many interesting facts about the exposition, a list of features alone "The Pile", a plan for touring the exposition, a large map of the World's Fair with index to every building, map of St. Louis, What to See in St. Louis, and a fine picture of Festival Hall and the Cascades.

### GIVE LAWN FETE.

An enjoyable lawn fete was given at the home of Misses Margaret and Edith Burn Thursday evening by the Clover Blossoms, the juvenile missionary society of the M. E. church, South. About \$9.00 was cleared.

### GIST SHORES.

Pateville, Ky., July 26.—(Special.)—Will Gist, of this place, and Miss Kate Shores, of Victoria, were married Sunday, at the home of the bride.

### OPENING SESSION

#### VERY PROMISING.

This Year's Teachers' Institute Will Probably be Best Ever Held in County.

### ABOUT 100 TEACHERS PRESENT.

Hardinsburg, Ky., July 26.—(Special.)—The Breckenridge County Teachers' Institute met in session at the courthouse Monday morning, with Supt. Joel H. Pile, presiding. The organization was perfected by the election of Miss Jessie Cary, of Glendale, as secretary. The instructor is Prof. Charles Evans, of Stratton, who is one of the best in the State. About one hundred teachers are enrolled, and they seem, perhaps more than ever, earnest in their work, and this session of the institute promises to be the best held in recent years.

### WILL OPERATE SOON.

Manager F. D. Whitteck of the local branch of the J. T. Polk company, of Greenwood, Ind., stated to a representative of the News Thursday that the plant will begin canning tomatoes about the middle of August. He said that the tomatoes being raised here for the canners are in very good condition and are expected to ripen in large quantities in about three weeks.

Mr. Whitteck arrived in the city Thursday with D. S. Duncan, who has had a position with the company at Greenwood, but will have charge of the local cannery during Mr. Whitteck's absence. Mr. Whitteck came down from Greenwood to make some arrangements for the operation of the cannery and to spend several days in the city.

Six tomato-packing machines were shipped here last week to be installed at once in the cannery. Even with the use of these machines a large number of women will have to be employed, as it requires six or eight women to operate each machine.

### BUTTON FACTORY.

The latest talked of industry for Cloverport is a button factory. Some of our citizens are of the opinion that an institution of this character would pay here. The mussel shells, which are being gathered out of the river here every summer and through the fall season, amount to many tons, and there is no reason why they should not be utilized here. Making buttons can be made as profitable here as anywhere else, and the thing we need is the factory to do the work. If a profit is made out of the business by shipping the shells to Iowa and other states, could it not be made so here? They have a button factory at Leavenworth, Ind., operated by home capital. A public meeting will be called to consider this matter in a short time.

### KNOCKED UNCONSCIOUS.

An empty tool box fell from a scaffold Friday afternoon and struck Forrest Pace in the head, inflicting a painful but not serious wound. He was knocked down by the blow and was unconscious for sometime. The box weighed fifteen or twenty pounds and fell about fifteen feet. His fellow workmen believe he would have been seriously hurt if a corner of the box had struck his head. The accident occurred at the L. B. St. Louis shops.

### GREATLY IMPROVED.

John Lillard was operated on at Louisville Saturday morning for gallstone, five stones being removed. She stood the operation well and is now greatly improved. However she will not be able to return to this city for several weeks. She was accompanied to Louisville Saturday morning by Mr. Lillard.

### COL. BRECKENRIDGE

#### WILL BE PRESENT.

Far-Famed Kentucky Orator To Attend Big Masonic Event At the County Seat.

### HIS LETTER TO SHERMAN BALL.

Hardinsburg, Ky., July 26.—(Special.)—Col. W. C. P. Breckenridge, the far-famed Kentucky orator, will be present at the big Masonic picnic to be given here, Saturday Aug. 30. The following is his letter to W. S. Ball, the Master of the Lodge:

W. S. Ball, Esq., Hardinsburg, Ky.—Dear Sir:—On my return on Monday, after an absence of some days, I find yours of July 15, inviting me to be present on August 30, at the laying of the corner stone of the new Masonic Temple of Breckenridge lodge. I accept the invitation, and it will give me pleasure to be present. I recall with gratification my former visit to Hardinsburg nearly twenty-five years ago. Very truly yours, Wm. C. P. Breckenridge. Lexington, Ky., July 26, 1904.

### Are You Sore?

Sore Feet, Sore Throats, Sore Joints, Rheumatism, Swellings, and all inflammations are quickly relieved and cured by the free use of Paracomb, a safe, reliable, home remedy, guaranteed to do what is claimed for it or money refunded.

### New Section Added.

A new section has been added to the switchboard of the local Cumberland Telephone & Telegraph exchange. The new section will accommodate fifty lines in addition to the 100 lines that have been in use. The enlargement of the switchboard has been made necessary by a large increase in the number of subscribers, all the old lines now being in use.

### FINGERS MASHED.

Chas. Hook has been suffering the past week with three badly mashed fingers, which he injured by catching in some machinery at the local flour mill. He was compelled to quit work and Philip McGary came down from Hardinsburg to take his position as miller while he is recovering from the injury.

### REAL ESTATE DEALS.

Edwin Forbes, of Fordville, to Jno. Weisenberg, of this city, one lot on Elm street, between Fifth and Sixth. Consideration \$100. Edwin Forbes, of Fordville, and Mrs. Bettie Robinson, of Falls of Rough, to Reunata Pace, two lots on Elm street, between Fifth and Sixth. Consideration \$225.

### STRIKE CAUSES TIE-UP.

A general strike over the entire country of all union workmen, which was declared at Chicago Monday morning at 7 o'clock, has tied up the country's meat packing industry, meaning a loss of hundreds of thousands of dollars daily to strikers, packers and consumers.

### CHURCH DEDICATED.

Edron, Ky., July 26.—(Special.)—The Hill Grove church was dedicated last Sunday. Rev. B. F. Hagan preached the dedicatory sermon to an immense crowd. A splendid dinner was served on the ground. The afternoon service was conducted by Rev. Jackson Hickman.

### RECEPTION THURSDAY.

Mr. and Mrs. James S. Younger will give a reception next Thursday evening in honor of Miss Grace Dugan, of Louisville, and Miss Ruth Younger, of Hawesville.

### EKRON WEDDING.

Ekron, Ky., July 26.—(Special.)—Frank Kennedy and Miss Elsie Hickman were married Thursday evening, at the home of the bride's sister, Mrs. Lou Nease.

### ROOFING TILE CO.

#### IS REORGANIZED.

Stockholders Who Sided With Supt. LaMont are Bought Out by Other Parties.

### RESUME OPERATIONS AT ONCE.

The Murray Roofing Tile company, which owns a large plant just east of this city, has been reorganized. The name of the company remains unchanged but new parties have bought the interests of several of the old stockholders and the officers are new with only one or two exceptions. As re-organized, E. S. Moore, of Parkersburg, W. Va., is president;—Boone, of Parkersburg, treasurer; C. A. Cray, of Huntington, W. Va., vice-president; C. H. Murray, Huntington, secretary; and A. H. Murray, of this city, manager. Lewis Manbach, of Parkersburg, was formerly the president of the company, J. Broth, of Huntington, treasurer; C. A. Cray, secretary; A. H. Murray, manager; and Lewis LaMont, of St. Louis, superintendent.

The old Murray Roofing Tile company was organized about a year ago. The company bought the old Cloverport Brick & Manufacturing company's plant and converted it into a roofing tile plant. It was in operation several weeks, but opposition between the manager and the superintendent arose and operations were suspended. An equity suit between Messrs. A. H. Murray and Lewis LaMont, the old manager and superintendent respectively, is now pending in the Breckenridge circuit court. All the stockholders who sided with LaMont have sold their interests and the plant will be put in operation this week by the new owners.

### BETTER AND BIGGER.

The Masons of this city are making preparations for their third annual barbeque which they intend shall be bigger and better than ever. The barbeque this year will be given on Thursday, August 11. The first and second barbeques drew thousands of people to this city from all sections of this and adjoining counties and proved the biggest attraction in the county each year. Every facility for having a still greater crowd will be provided this year.

The attractions at the barbeque will include free concerts by the Commercial Club band of Caveport, horse shows, field sports, a bazaar, races, etc., which will keep the crowds interested all day.

### SKIDS FALL ON LEG.

D. W. Murray, bookkeeper for the local branch of the Galilee Limited tobacco company, was painfully hurt Friday afternoon in front of the company's factory. He was standing near a wagon, which was being loaded with hogheads, when the heavy skids slipped from the wagon and struck him on the back of the left leg just above the heel. The member is badly bruised and it is thought by his physician that a small bone was broken. If the skids had struck his leg further from the foot it would have been broken, in the opinion of a spectator, Mr. Murray was taken to Hardinsburg Saturday morning by his father, Gen. D. R. Murray.

### WED IN LOUISVILLE.

Ekron, Ky., July 26.—(Special.)—Mr. Boyd Haynes and Miss Sallie Allen, of Groveland, were married in Louisville last Sunday.

THE NEWS FOR ONE YEAR, 50 CENTS!

### Found in the Soil.

The following brief facts are boiled down from an article by Prof. C. G. Hopkins, of the Illinois College of Agriculture, on "Fertility of the Soil."

Different types of soil produce different crop yields under the same conditions.

Soils side by side, but cultivated differently for a term of years, produce very different yields.

The same soil differs at different times according to its cultivation and another treatment and lack of treatment.

One soil will produce twenty bushels of corn; another forty bushels; another eighty bushels.

One soil worth \$20 an acre; another \$100 per acre; another \$300 per acre, largely because of the difference in fertility or productive capacity.

Soil can be "run down."

Soil can be improved.

The fertility of the soil can be maintained. It is worth money to know soils and be able to improve them.

The study of soils is vitally connected with profit and prosperity in farming, the greatest industry in Illinois.

Neither live stock, nor clover, or both together will maintain the fertility of the soil.

The only way: "Preserve good physical conditions and then put back upon the land all of the fertility which is taken off."

While there are ten essentials of plant food, seven of them are usually supplied in abundance—nitrogen, phosphorus and potassium are rather limited in most soils. So the study of fertility is practically reduced to the study of these three.

### Decide What You Will Do.

An engineer who starts to build a bridge and then keeps on finding better places to put up his piers, and wondering whether he has selected the best location or not, will never get the bridge across the river. He must decide, then go ahead and build the bridge no matter what obstacle he may strike. So it is with the builder of character. He must decide finally what he will do, and then make for his goal, refusing to look back or be moved from his course. Tens of thousands of people with good health, good education and good ability, are standing on the end of a bridge, at life's crossing. They hope they are on the right way. They think they are doing the right thing, and yet they do not dare to burn the bridge they have just crossed. They want a chance for retreat in case they have made a mistake. They cannot bear the thought of cutting off all possibility of turning back. They lack the power to decide conclusively what course they will take—O. S. Marden in the August "Success."

### FINE FLUOR SPAR.

Mr. William Smart, of Cloverport, was in the city yesterday with a fine specimen of fluor spar which he left with experts for examination and testing. It is a variety found in Breckenridge county and Mr. Smart is enthusiastic about its possible worth. It is white flourite. It is in massive quantities, rather than in formations that have occasional cleavage. It is thought to have very superior qualities for fluxing purposes.—Friday's Owensboro Messenger.

## MARIAN MARNE'S LATEST COSTUMES FOR MILADY.

By the time this letter is before you I will have sailed for Europe in search of information regarding Dame Fashion's latest and best as represented in Paris and London and will keep sharp lookout for any new ideas for sea garb or tourist costumes for Milady traveler.

It is an acknowledged fact that the American woman is the best dressed woman in the world, and especially happy is she in her selection of her gown for ocean travel, but unfortunately until recently, to the many women who have felt the

A stunning costume, worn by one of New York's most popular women, who, tired of the restless surge of Newport life, embarked on this charming trip, was composed of a golden brown raw silk. The skirt, which daily escaped the ground by two inches, was cut in five gores, but possessed the distinguishing feature of being inwardly plaited from the top, one of three four-inch tucks alternated with spaces of the same width.

Another outing costume, which is illustrated for you, is of natural colored light weight silk of medium weight, shirred at the top around the hips and back, with which is worn a shirred and bonneted coat, ending in a pointed silk girdle. The gown is handsomely trimmed in bands of Persian embroidery, a row of which adorns the bottom of the skirt.

Particularly necessary with the girdle is a well cut corset. Graceful and stylish a woman is sure to appear in a properly modelled corset, and as good models of the best makers, such as the G-B-A la Spiritie, come in prices to suit every purse, there is no excuse for a woman presenting a dowdy figure, and thus soiling the appearance of her gown.

Neatness and trimness which gives a woman the appearance of being "well-groomed" is within the means of all, and happily our clever American women give us little to complain of on that score.

are caused by indigestion. I you eat a little too much or if you are subject to attacks of indigestion, the stomach expands—swells, and puffs up against the heart. This crowds the heart and shortens the breath. Rapid heart beats and heart disease is the final result. Kodol Dyspepsia Cure digests what you eat, takes the strain off the heart, cures indigestion, dyspepsia, sour stomach, and contributes "nourishment, strength and health to every organ of the body. ### OFFICERS ELECTED.

Louisville, Ky., July 21.—The Republican state committee met today and elected Thomas Walker, of Lexington, secretary of the state central and campaign committees and his salary was fixed at \$2,000. R. P. Ernst was elected chairman of the campaign committee. The other members are C. Z. Mengel, E. W. Long, Sam J. Roberts, John C. Wood. The committee decided the two contests in the Eleventh district in favor of Dr. Hunter. Mr. Ernst is also chairman of the state central committee. J. W. Yerkes delivered an address in which he predicted Republican success in Kentucky this fall.

## Sam Jones And Humanity.

Yes, Sam Jones was a successful man. Not in matters of finance. He had some money—enough to feed him, clothe, keep his business going and a share for good works—but he was not rich in the latter-day meaning of the word.

Nor was he powerful, as we speak of money kings, Governors, Senators and Presidents being powerful. He was Mayor of a thriving city; that is all that can be said for official power.

He was successful because of the great heart that throbbed

in his breast. He had a tender feeling for the plain people, and he tried to live as he preached.

Why, that man believed that everybody should have a chance. He believed that in the homes of the most lowly there should be some sunshine and laughter and happiness, and that those things could best be secured by mixing into the affairs of every-day life, whether they had to do with the home or workshop, those words:

"Therefore all things whatsoever ye would that men should do to you, do ye even so to the same."

Some of the big men of business called him a crank. They said he would destroy trade; that the lines between those who work and those who employ must be sharply drawn; that he was a destroyer of discipline. But he had the courage to take his ideas into his own factory, and demonstrate that they would work out; that it was possible to be kind and sympathetic in business, and still show a profit at the end of the year.

When Sam Jones walked the streets the men who were at work in the sewer trench smiled at him. They liked his hearty "Good morning, boys;" they enjoyed the clasp of his strong hand. Somehow, they realized that his heart was in it.

And the children by the thousand knew him for a friend. They felt that he was "their Mr. Jones." They carried flowers to him. You can't fool children. They can tell human gold, surely. Perhaps Toledo was no better governed than the average city. But the common people, the majority, felt that they had a voice in the government and a Mayor who understood them. So they loved him.

Truly, a good man has gone to his reward. The monument that he built in human hearts should last for the ages.

—Editorial in The Cincinnati Post.

### Perplexity of the Arid Vote.

"We have passed," declared the Republicans in Chicago, "laws which will bring the arid lands of the United States within the area of cultivation."

"We congratulate," declared the Democrats at St. Louis, "our Western fellow citizens upon the passage of the Newlands irrigation act for the irrigation and reclamation of arid lands of the West. We call attention to this great Democratic measure, broad and comprehensive as it is, working automatically throughout all time without further action of Congress until the reclamation of all the reclaimable land in the arid West is established as an evidence of the Democratic policy of the government contemplated by the Democratic party should it be placed in power."

It will be seen from this that both parties, each acting on its own initiative and without apparent reference to the other, have adopted such comprehensive measures for the irrigation of arid lands that, as the Democrats say, it will work automatically "through all time."

Here on one point at least, are the two parties in exact accord as to the necessity for and the attainment of government aided irrigation; but on the question as to which party is entitled to the credit for this comprehensive legislation, automatically beneficial and solving the problem of perpetual motion—they are far apart as the poles.

Should the grateful arid vote go to ROOSEVELT or PARKER?—New York Sun.

### GIRL ACTS LIKE SNAKE.

Crazed by the bite of a venomous snake, Nellie Castled, a young girl living near the River coal mines, attempted to end her life by jumping into a pond Sunday afternoon, says the Louisville Herald. The timely intervention of a man who happened to be near the place saved her from drowning.

The girl was bitten by the snake late Friday afternoon. Since that time she has suffered convulsion after convulsion, and it is not improbable that the poison sent coursing through her veins will not cause her death.

During Friday night the girl suffered convulsion after convulsion. When suffering from the convulsions the girl seemed to think that she was a snake, and bit and snapped at those who gathered around her bed. She would also protrude her tongue and snap it back into her mouth as a reptile does when made angry.

### WHAT ARE WE TO DO?

What are we to do? Diseases germs are in the water, wine, whiskey, beer, cider, milk and whatever we drink from thirst or pleasure. They are in bread, meats, fruits, vegetables, sugar, honey, molasses and whatever we eat from hunger or delight. So say scientists. "Our fathers and mothers knew nothing of these germ destroyers of health, happiness and life, so they ate, drank and made merry to a good, peaceful old age. But we know and are in the air we breathe. In the sunlight that warms our blood and in the darkness that chills our body. Some people know too much, or make believe they do; some people know too little, or think they do. Such is man, possibly woman also, a mass of pretence, high or low.

Bishop Joseph N. Kory, Southern M. E. Church, writes: "We gave Dr. Moffett's 'TEETHINA' (Teething Powders) to our little grandchild with the happiest results. The effects were almost magical, and certainly more satisfactory than from anything we ever used." "TEETHINA" (Teething Powder) Contracts and Overcomes the Effects of the Summer's Heat.

### PECULIAR CASE.

Twenty years ago, while at work in his field, Mr. Isaac Catlett, of the Tanner neighborhood, was bitten by a large spider and ever since then he has had annual periods of intense suffering from wounds inflicted by the diminutive but poisonous animal. The accident happened at noon on the 27th day of June, and every year since then at the very hour on the same day of the month and year Mr. Catlett has a return of the poisonous effects and goes through the same intense suffering, lasting several days. The only thing that has any effect to quiet the pain is whiskey and every year, just before the time for the return of the affliction, Mr. Catlett, anticipating the result, is forced to resort to take whiskey to counteract the effects of the poison.—LaRue County Herald.

## TOURIST SLEEPING CARS

The growing popularity of the Great Southwest and the continual line in travel to that section, especially on the first and third Tuesdays of each month—Homesteaders' Round-trip and Colonist One-Way reduced rates—desires to encourage the Frisco System to add to its already complete train equipment.

**ANNOUNCEMENTS.**

FOR COUNTY JUDGE.

WE are authorized to announce Henry  
Henderson as a candidate for  
County Judge of Breckenridge county,  
subject to the action of the Democratic party.

It's our time to "holer" and we  
are going to do it.

"Coin" Harvey, poor, old soul,  
wonder if he will get on to the band  
wagon.

We suppose that Kentucky will go  
anywhere from 25,000 to 50,000 Demo-  
cratic this fall.

Isn't it reassuring to see all the  
good Democrats coming our way.  
But they are fighting us all the same.

The Star Mills, of this city, have  
bought between 6,000 and 7,000 bushels  
of wheat at 90 cents delivered at their  
mill.

There is hope for the soft, sweet  
voice at "Central." A New York tele-  
phone girl has just married a million-  
aire.

Dr. Mary Walker has no love for  
the Democratic ticket. They gave  
her the cold shoulder at the St. Louis  
convention.

We never fire backwards. Our firing  
line is always in front. We have no  
time to foot with dead men and dead  
issues.

When it comes to telling a good  
story there are few men who can  
"head off" our genial friend Ridgley  
Cayce. We print his latest in another  
column.

"Happy Hollow" is a beautiful  
valley in Hancock county, running  
from near Dukes in the east end to  
Hawesville. It is about eight miles  
long and from two to three miles  
wide. Fine bottom land and especially  
adapted to the raising of tobacco.  
The crop is good this year, with about  
the usual average. Mr. J. D. Brasher  
says some of the finest tobacco he  
buys comes from this valley.

We met the Rev. B. F. Cundiff on  
the train Monday returning from the  
camp meeting at Yelvington. Brother  
Cundiff says they had a wonderful  
meeting down there this year, that  
there were between 150 and 200 con-  
ventions, and a good attendance  
all the week. Last Sunday, he said,  
he preached to over 3,000 people and  
it was a glorious day for everybody.  
The crowd were much improved this  
year, there being 15 or 20 tents on the  
place to accommodate the visitors.

We are glad our young friend, Joel,  
dealt with us so kindly last week. His  
comments were good and to the  
point. They fit in so nicely, just  
like they were made to order. It's  
mighty hard to get around the truth;  
that's what the News prints all the  
time. Joel's getting on to our plat-  
form, at least his party is, and we  
take it for granted that Joel will get  
there, even if he don't like it. The  
fact is, whether he likes it or not,  
he has to get there to hold his job.

It takes a mean partisan politician  
to say mean things about his neighbor.  
He does it to catch votes from the  
ignorant. As we are not political-  
ians we do not indulge in that kind  
of journalism. We don't know how  
or if we did we don't have to. We  
are not responsible to any power on  
earth for what we say. We are free,  
thank God, from money and all en-  
tangling alliances. It has taken us  
about forty years to get to this point  
but it is a happy climax, to us at  
least.

The Hon. B. F. Beard, when asked  
how he liked the Democratic platform,  
and ticket, replied: "Oh, the ticket's  
all right and the platform's better.  
Getting back to the Democratic  
principles just where I've stood for  
eight years. There is so little differ-  
ence between the two platforms that  
there is scarcely any choice between  
them." Mr. Beard thought that there  
was very little chance for the Demo-  
crats this year but said that if they  
keep on improving they may get there  
the next time. Mr. Beard supported  
McKinley in both of his races. We  
presume from what he said he will  
vote for Mr. Parker this year. "If  
the free silver fellows can stand  
him I can."

**What are Humors?**

They are vitiated or morbid fluids  
circulating in the veins and affecting the tissues.  
They are commonly due to defective  
digestion but are sometimes inherited.

How do they manifest themselves?

In many forms of cutaneous eruption,  
salt rheum or eczema, pimples and boils,  
and in weakness, languor, general debility,  
and how they expelled? By

**Hood's Sarsaparilla**

which also builds up the system that has  
suffered from them.

It is the best medicine for all humors.

## ELLY'S CREAM BALM

creams ointment and balm  
the diseased membrane.  
It cures catarrh and drives  
away a cold in the head  
quickly.

Cream Balm is placed into the nostrils, spreads  
over the membrane and is absorbed. Relief is im-  
mediate and a cure follows. It is not drying—does  
not produce sneezing. Large Size, 50 cents at Drug-  
store or by mail; Trial Size, 10 cents.

ELLY BROTHERS, 84 Warren Street, New York

The youngsters of this town are  
certainly having the time of their  
lives. And what a host of them, so  
pretty and so jolly. We mean the  
girls, of course. It does an old man's  
soul good to look in on them.

The best thing we heard at the In-  
stitute Monday was "America" sung by  
the choir. If the teachers all over  
the country would instill the spirit of  
that song thoroughly into the  
minds and souls of their pupils, there  
would be no trouble in keeping up  
interest in their studies. We con-  
gratulate Prof. Evans on his patriotism  
and love of country.

Our farmers are more interested in  
making dollar wheat than in making  
presidents. And we are sure that  
dollar wheat will do us fellows in  
the trenches more good than making  
votes for either party. The big parties  
can take care of themselves and it  
stands the farmer in hand to take  
care of himself and he's doing it.

Col. Attilla Cox was down last  
week looking over his property along  
the route. He was well pleased with  
everything and especially the corn  
crop. Says he never saw a finer pros-  
pect for crops in general. The Col-  
onel is so well pleased with Clover-  
port and its surroundings that he is  
talking of buying a summer residence  
down here. No man in the country  
would have a more hearty welcome  
to this town than the colonel.

Col. W. C. P. Breckenridge is billed  
for a speech in this county at Har-  
dinsburg on Aug. 30. It is the oc-  
casion of the laying of the corner  
stone of the Masonic building at that  
place. Thousands of people in this  
county will be glad to hear the  
voice of the silver-tongued orator  
once again and take him by the  
hand. With all his faults we love  
him still.

"Get ready for the big Masons' bar-  
becue to be held in this town on  
Thursday, August 11. You remem-  
ber what an enjoyable time you had  
last year and the same good time is  
promised this year. It is the social  
event of the year. The great hand-  
shaking and friend-meeting time.  
Everybody in this town is interested  
in the success of the Masons' barbe-  
cue. And you know what that  
means, a good time for everybody.  
Get ready and come and bring your  
neighbors. It is people you want to  
see when you go to a barbecue. You  
will certainly see them if you will  
attend.

Will K. Brown and wife were  
passengers on the train last week to  
Louisville. Will Brown is the son-  
in-law of the Hon. Geo. Richardson  
and one of the best farmers in that  
neighborhood. He says he has a  
splendid crop this year, that he has  
100 acres of as fine corn as ever grew  
out of the ground. Sold \$250 worth  
of sheep, hams and wool and is feel-  
ing a fine bunch of hogs. He says the  
mistake of his life was when he  
accepted a position at Frankfort.  
He says he didn't know how well  
off he was on the farm until he left  
it, and ran up against the ways of  
the politicians and officeholders. He  
says it will ruin any young man who  
tries it, that he is satisfied to spend  
the balance of his days on the farm  
and let politics alone.

**LARGE TOMATO.**

Mrs. Chas. Furrow, living in West  
End in her cozy little home, certainly  
knows how to grow tomatoes, and she  
could not have sent one to the office  
from her garden weighing two pounds.  
The tomato is round and fully ripe all-  
around. Mrs. Furrow would like to  
know who can beat it.

**ACCEPTS CALL.**

Rev. T. K. Kerr, of Hodgenville,  
has accepted the call of the Lucile  
Masonic church, and will preach here  
the first and third  
Sundays in each month. He will fill  
his first appointment here on Sunday  
August 7.

**BOATING PARTY.**

Lunch was served to a party of  
friends from Cloverport at the Burk  
homestead, near Addison, Sunday  
afternoon, in honor of the Misses  
Barrett and the Misses Skilman.  
Guests at the Burk homestead and  
of Mrs. A. B. Skilman, of this city,  
respectively. The party went up and  
returned on Orville Skilman's yacht,  
"Margarine."

**THE NOTIFICATIONS.**

KEOSAU, N. Y., July 20.—Judge Par-  
ker met his running mate this after-  
noon. To say that he and the grand  
young octogenarian from West Virginia  
were delighted to be acquainted may be  
encroaching on the verbal prerogatives  
of Sagamore Hill. But it is quite true.  
Not only did the candidates chat and  
pose for photographs, but they settled a  
question that has been agitating Demo-  
cratic breasts for days. When Judge  
Parker came out on the veranda late  
in the afternoon to escort Henry Gas-  
away Davis to the railroad station he  
said to the newspaper men:  
"We agreed to-day that the notifica-  
tions shall be in our respective states."

**Carrie In Hardin.**

Elizabethtown, Ky., July 22.—Mrs.  
Currie Nation, the saloon smasher,  
got badly smashed herself here to-  
night. She was assaulted by a saloon  
keeper named J. R. Neighbors while  
standing in his saloon door denounc-  
ing saloons and saloon keepers. He  
used a chair and struck her two  
blows, one on the head and the other  
on the shoulder. The blow on the head  
bled freely. She was taken to her  
boarding house and physicians were  
summoned. They examined and dressed  
the wounds and stated that Mrs.  
Nation was not seriously hurt.

**Strange Crow Tale.**

What are known as crow crows are  
so bad about Skilman that they de-  
vour young pigs, so we are reliably  
informed. A few days since two of  
them attacked a sow with a litter of  
young pigs on the Lillard farm. The  
sow made for the bird and tore it  
in shreds, when another hopped down  
from a fence, to be destroyed the  
same way.—Hancock Clarion.

## All We Want Is A Trial Order.

We want your printing.  
A trial order—that's all.  
Why don't we say all of your orders?  
No use.  
The way we fill the first order will lead  
you to send the second one without our ask-  
ing.  
Now, some fellow for whom we have never  
printed a thing will say: "That's a lie."  
But, on the other hand, the man who has  
been our customer for years will say the a-  
bove statement is wholly true.  
All we want is a trial order.

## COL. COX'S PARTY.

Col. Attilla Cox, president of the  
Henderson Route, had a distinguished  
party with him on his special train  
which was here Friday afternoon.

With Col. Cox were the following  
gentlemen: Florian Cox, his brother  
and president of the Star Fire In-  
surance Company; his son, Leonard  
M. Cox, who is a civil engineer in the  
navy; and W. N. Cox, a son of  
Florian Cox, and president of the  
Louisville Public Warehouse Com-  
pany. This is the first trip Col. Cox  
has made to this town for sometime.

The party were well pleased with  
the road and the shops. They made  
a visit to the foundry and enjoyed  
the fine smell of tar water that comes  
from a hundred feet below.

# Many are Gainful Workers

A special report of the Census Bureau on occupations  
shows that in Continental United States the total number  
of persons engaged in gainful occupations in 1900 was 29,073,238,  
which was one-half of the population ten years of age and over,  
and nearly two-fifths of the entire population.

The total number comprises 22,489,425 men, 4,833,620 wo-  
men and 1,750,178 children, of whom 1,264,411 were boys and  
485,767 girls. Those of foreign birth aggregated 5,851,399, or  
one-fifth of the total number of gainful workers, and the statis-  
tics show that the immigration of twenty years has not increased  
the proportion of the foreign born in the working popu-  
lation of the country. Those of foreign parentage aggregate 11,  
166,361, or over 38 per cent., almost equally divided between  
immigrants and children of immigrants. Manufacturing, trade  
and transportation and the professions show an increasing  
number of workers of each sex, while the agricultural class rep-  
resents a diminishing proportion.

The character of the pursuits of the breadwinners of Ken-  
tucky, divided into five general classifications, is shown in the  
following table:

Occupations	Males	Females
All	646,909	105,622
Agriculture	390,226	17,959
Professions	18,384	7,568
Domestic	73,648	53,536
Trades	77,051	6,831
Manufacturing	87,055	19,728

BANKRUPT.

In pursuance of an order of the above  
Court, rendered at Owensboro, July  
20th, 1904, I will expose for sale at pub-  
lic auction to the highest and best bid-  
der, on a credit of three months at the  
Store-house formerly occupied by said  
Meyer, at Rockvale, Breckenridge Coun-  
ty, Ky., at 2 P. M. Tuesday, August  
2nd, 1904.

The entire stock of Merchandise of  
said Bankrupt, consisting of dry goods,  
shoes, hats, clothing, notions, &c., and  
which was appraised at the sum of  
\$1,167.78.

The purchaser will be required to ex-  
ecute a good and sufficient bond with  
good sureties, bearing interest from  
date at the rate of 6 per cent per an-  
num, payable to the Trustee—or if he  
so desires he may pay cash.

Said sale will be subject to the ap-  
proval of the Court, should said stock  
of goods bring less than two thirds of  
its appraised value.

comparisons of the speed of different  
railroads.

"You hear a lot of fake stories in  
this line," he said, "but I heard a  
conversation recently that will bear  
repeating. Three drummers were  
telling how fast they traveled. One  
said that on the B. & O., W. and T.  
the train went so fast that the telegraph  
poles looked like teeth in a comb. Another  
said that on the N. H. and X. Y. the  
poles alongside the track resembled  
one solid long lance, so rapid was the  
train."

"Well," said the third, "down on  
the L. H. & St. L. the farmers grow  
a field of corn and a field of peas. Do  
you know, looking out of the car  
window, the action is so swift that  
you think you are gazing on a huge  
lay-out of acornuts. '3 fact!' Monday's

### DON'T BUTT IN.

When you see a fellow-man  
jelly playing his own hand,  
and the very best he can.  
Don't butt in.  
Have troubles of their own,  
and stay more than you have  
any.  
Don't butt in.  
Let them alone—  
Opps! Don't butt in.  
Don't do them any good.  
Don't do it if you could,  
Don't do it if you would.  
Don't butt in.  
They fall out every day  
would make up right away,  
away from them you would stay.  
Don't butt in.  
If your friends go on a lark,  
Spend the day at Lakeside Park  
And stay out till after dark.  
Don't butt in.  
When your friends are fishing go  
Any say the fish weighed so and so,  
It won't be the truth, you know,  
Don't butt in.  
If the conversation don't suit you  
Wait until the speaker's through.  
You may learn something new,  
Don't butt in.  
On your journey here below.  
Through this world of joy and woe,  
You'll be tempted where'er you go,  
But don't butt in.  
—Bliss G. Hard.

### PHYSICAL COMPARISON.

To the Editor of the Sun—Sir: The  
candidates for the Presidency are  
making it more difficult each day for  
the voters to choose between them.  
On Saturday morning at Oyster Bay  
President and Mrs. Roosevelt went  
horseback riding. In the afternoon,  
at Esopus, Judge and Mrs. Parker did  
likewise.

How can there be issues in such  
campaign? If the President should  
rope a steer at Oyster Bay, what  
would happen at Esopus?  
New York, July 17.

## Headache

### Can be Cured with Dr. Miles' Anti-Pain Pills.

### GREAT EGG DEMAND.

"The man who could get a corner  
on the egg market just in little old  
Manhattan Island alone," said a pro-  
duce dealer, "could shut up shop at  
the end of the year and have a good  
time the rest of his life. It takes  
more than 30,000,000 dozens of eggs a  
year to keep the island in omelets,  
egg-nogs and other things that can't  
be made without eggs. They cost on an  
average 35 cents a dozen for 'em.  
That figures up to the neat sum of  
\$10,500,000 all in hard cash. Those  
eggs come from all over the country.  
If New York State, New Jersey, Penn-  
sylvania, and Massachusetts should  
turn over to the Manhattan Island  
market every egg their hens lay, they  
would no more than supply the de-  
mand, so we have to go out West,  
down South, and even to Canada to  
get enough."—New York Sun.

### Southern Corn Crop.

In six of our Southern States—  
Virginia, North Carolina, South  
Carolina, Georgia, Alabama and  
Mississippi—there is a total area of  
approximately 15,000,000 acres planted  
in corn. The yield from his area  
for 1903 was 235,000,000 bushels.  
Iowa, with 5,200,000 acres in  
corn, produced 229,000,000 bushels;  
and Illinois, with about the same  
acres as Iowa, produced 264,000,000.  
Iowa and Kansas together, with  
about the same acreage as the six  
States of the South, produced about  
600,000,000 bushels. Fourteen States,  
comprising New England, New York,  
New Jersey, Pennsylvania, Ohio, Indi-  
ana, Michigan, Wisconsin and Minne-  
sota, with an acreage of 14,000,000 or  
1,000,000 less than the six Southern  
States, produced 431,000,000 bushels.  
This, taken acre for acre, practically  
doubles the Southern crop.

One of two conclusions seems un-  
avoidable: Either the South is  
wasting a vast amount of energy in  
getting only some \$8 or \$9 an acre in  
return for its labor in fruitful soil, or  
it is wasting energy and losing re-  
sults by careless and antiquated  
methods in cultivating a fairly  
fruitful soil. The South, as a section,  
boasts with abundant warrant of its  
rich fertility, its endless possibilities  
in agriculture. Illinois, Kansas and  
Iowa may have better corn lands;  
but the figures which we quote,  
sweeping as they do the whole north-  
ern belt, make it impossible to ac-  
count for the Southern shortage in  
yield per acre on the score of inferior  
soil or adverse climatic conditions.

If the average yield per acre in the  
South were brought up to the stand-  
ard of other sections, the South would  
be the richer by about \$150,000,000  
a year.—New York Sun.

### Knocked Down Carrie Nation.

Clarksville, Tenn., July 20.—Carrie  
Nation, who is attending the annual  
fair now in progress at Guthrie,  
Ky., has been up to her old tricks.  
Yesterday afternoon in the grand  
stand on the fair grounds she walked  
up to a young man named John Will-  
iams, from Trenton, Ky., and slapped  
a cigarette from his mouth. He warn-  
ed her not to repeat the act, but she  
did not heed the warning, again  
knocking the cigarette from Williams'  
mouth, whereupon he is said to have  
knocked her down. Mrs. Nation was  
not hurt.

## If a Good Fairy

Would only bring health to me—says many a man or woman afflicted with stomach troubles, blood disorders, or liver complaint. In many cases Dr. Pierce's Golden Medical Discovery is the good fairy which brings back good health, a strong stomach, pure blood and an active liver.

Most diseases begin with some trouble of the digestive organs or of the liver. Troubles of this nature starve the body, because they prevent it from receiving its proper supply of nourishment. Dr. Pierce's Golden Medical Discovery gives a man an appetite and a good digestion. Its great work is upon the stomach, large intestines and liver. These are the organs that nourish a man's body. This medicine makes them strong, vigorous and healthy. It fills the blood with the nourishment that builds new, solid and healthy flesh, muscle and nerves.

## \$3,000 Forfeit!

Will be cheerfully paid in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original signature of the individual volunteering the testimonial published below, and also of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

### Here is the experience of only one among many:

DEAR SIR—A year ago I was troubled with dyspepsia; thought at the time that I had heart trouble and was expecting to die at almost any minute. I made up my mind to write to Dr. R. V. Pierce, which I did, and received a prompt reply, advising me to take his "Golden Medical Discovery." I took six bottles, and can truthfully say that I have neither heart trouble, nor dyspepsia now. I would advise all who are suffering from either trouble to write to Dr. Pierce at once.  
You have my permission to publish this letter wherever you wish. Thanking you for your kindness, I am,  
Very gratefully yours,  
Mrs. LOIS HOPPER,  
Red Bluff, Norris P. O., Mont.

The "Discovery" is purely vegetable and contains no alcohol or narcotics.
